323,250	With 15% Decrease in Employees	

Price per 1000 records is for single use of data. Call for additional usage.

Minimum Order: \$200 plus output format (2,857 base records)

### Description

The Business Growth Trends Database tracks company levels of employees and sales volume over a 3 year period.

- Choose prosperous, growing businesses that have increased their sales or augmented their workforce by hiring over a consecutive number of years.
- Target businesses that are downsizing, or perhaps in distress, based upon decreased sales or number of employees.

Criteria available for Growth Trends (included in the base rate):

Time Period: 3 years

Trend: increase or decrease

Percent of Change: 15%

Gauge: Number of employees at a single location, employees for entire company or sales volume for total company

Reach decision makers. Ideal for HR, financial, real estate or general business offers.

Data is multi-sourced, including directories, government filings, office financing and other public and proprietary sources.

File is selectable by zip, state, county, MSA, area code or radius.
